

**Discover a new way of driving
and enjoy your new freedom
with the Orthoquad RZ1000!**

DIGITAL DISPLAY

All new Orthoquad RZ1000 establishes a new bench mark for mid-size scooters. Powered by the reliable and powerful high performance 950 watt engine and coupled to 2x 75Ah batteries, it delivers a 15km/h top speed and an impressive range. The RZ1000 offers a high level of comfort even on rugged terrain with its full 4 wheel suspension.

It also has a long list of luxury standard features: complete LED lighting package for maximum brightness performance and minimum maintenance, new fully adjustable deluxe high-back seat with headrest and sliders, lockable front basket, bottle holder, two rear view mirrors, front and rear heavy duty bumpers to insure maximum security, and now with two USB charging ports for small electronic devices as cell phones.

The new redesigned tiller has a gas sprung activator providing infinite tilt steering adjustment for ergonomic user positioning. Improved delta tiller throttle control selection can be activated by fingers or thumb of both hands. Get the latest driving assistance technology with the new easy to read control panel with integrated digital display.

***The RZ1000 will take you
almost anywhere with style
and safety.***
