Orthoquad is proud to introduce its **RZ500** scooter. This brand new model was designed to provide an unbeatable equipment / price ratio. Powered by a reliable and powerful 450 watt motor and paired with two 40 amp batteries, it can reach up to 12 km/h with an impressive range. With its active four-wheel suspension, the **RZ500** offers a high level of comfort even on rough terrain.

It has a long list of standard luxury features: High-power front LED headlight for maximum brightness with minimum maintenance, a comfortable high-back fully adjustable seat with headrest and armrests also adjustable, a lockable front basket, a cup holder, two mirrors, and solid steel made front, rear and side bumpers for maximum safety. You will also enjoy its FM radio with bluetooth speaker and its USB ports allowing you to charge small electronic devices like your mobile phone.

The steering is equipped with an easily adjustable hydraulic spring system for ergonomic positioning of the user. The **RZ500** is also equipped with an improved delta tiller that makes you control acceleration by hand or thumb. You will also find the latest driving assistance technologies on the new easy to read control panel with integrated digital display. The **RZ500** is also covered by a 2 year warranty on engine and transmission.

**ALWAYS GET MORE
WITH THE RZ500!**
